

# CRYSTAL LYONS MINISTRIES

Dear ,

As this year is coming to a close, I have made the decision to come out from under the 501C3 that makes my ministry tax exempt. There are specifications in it that frankly, I never gave any attention to, such as not being vocal about governmental politics. I never really considered that I had in actuality made a covenant with our government to do so... agreeing with those stipulations for the purpose of tax exemptions. Another paragraph within the 501C3 agreement states that a minister must agree to NOT speak anything that would "cause any disruption against cultural trends." That would include everything from abortion to same sex marriage, and more besides. In all good conscience, I cannot remain under a governmental partnership for the sake of tax exemption. As a good friend has said, "When you can no longer preach sin as sin, and righteousness as righteousness, it is time for something to change. If the rules will not change, then we as Christians must stop taking their help and definitely lose their covering." Very well said!

Don't misunderstand me, this does NOT mean I will no longer minister. I will continue to minister as always! I simply choose to come out from under a "partnership" that states those terms. So in all fairness, I must make you aware that as of 2019, I will no longer be able to give you an end of year charitable contribution statement for your giving. If you choose to no longer support this ministry, I totally and completely understand and I want to THANK YOU with all my heart for ALL the support you have given me over the years!!

Let me just say in closing, that I am excited about what God is doing in and FOR our nation!! Don't get bogged down through the mainstream media, because we all know they don't even come close to reporting what's really going on! God is working behind the scenes to bring JUSTICE back into America's court system and government! Though for a time this will cause chaos to intensify, fear not... God's will is going to be VICTORIOUS! These are exciting days and we are privileged to be a part of what God is doing!

May God richly bless you and cause you to rise up in His strength and wisdom for the hour!

Thank you again my friends!!
